TNO and SEED Project collaborates with Samaritan's Purse, holds an Agriculture Training in Bukidnon

ASIA, PHILIPPINES

The partnership with Samaritan's Purse (SP) has widened. The Project in Mindanao was turned over to the collaboration between TNO and the SEED Project. The committee had visited the project in Lantapan, which was put up by SP to help the community. They trained 17 people, mostly pastors, from four different provinces of Northern Mindanao. Pastor Edwin Raterta of Church Alive Assembly of God, Cagayan de Oro, was appointed as the coordinator in Northern Mindanao.

The committee had taught them about organic agriculture. The output after the training was to put up a small garden beside the churches. The other attendees also committed to put up their own gardens in their homes or churches. As a result of this, TNO & SEED Project plans to have a model garden in four locations: one in Bukidnon, two in Misamis Oriental (Cagayan de Oro and Claveria), and one in Iligan to facilitate Marawi gardening.

All Glory belongs to our God! Let us thank the Lord for the goodness He has shown to TNO and SEED Project. With this, we encourage you to pray:

- for the partnership with Samaritan's Purse, that it may become a fruitful venture that could help fellow believers attain food security through organic agriculture and faith gardening
- for those who have participated, that they may be able to apply everything that they have learned from the agriculture training

TNO holds an Agricultural Conference in La Trinidad, Benguet

An Agricultural Conference was conducted on February 15-17, 2023, at Lily of the valley in La Trinidad, Benguet, in collaboration with the SEED project. The conference was also an opportunity to introduce Imee Yu as the TNO's new International Director.

The conference centered on the Faith-Based Organization Response to Global Hunger, which includes TNO's Food Security Program. Workshops on Organic Feeds for Poultry and Livestock, Healthy Food Preparation, and the Appropriate and Best Agricultural Practices of the Lily of the Valley Organic Farm were also part of the program.

Thanks be to our Lord God! Let us express our gratitude for what He has done and continues to do for TNO and SEED Project. With this, we encourage you to pray:

- for the Lord to continue to bless TNO's collaboration with SEED Project, that the projects under it may see growth and expansion
- for God to bless those who have attended these activities; may God be revealed in this aspect of their lives

FROM THE MISSION FIELD

Our Call into His Harvest

In John 4:35-38 it says, You know the saying, 'Four months between planting and harvest.' But I say, wake up and look around. The fields are already ripe for harvest. The harvesters are paid good wages, and the fruit they harvest is people brought to eternal life. What joy awaits both the planter and the harvester alike! You know the saying, 'One plants and another harvest.' And it's true. I sent you to harvest where you didn't plant; others had already done the work, and now you will get to gather the harvest."

God, has given us everything we need in our personal lives to accomplish what we have been called to do. This is also true concerning the mission field of the culture God has prepared all around us. We already have what we need to live out our personal spiritual lives and what we need to fulfill the calling of God to reach the culture around us. We must lift our eyes to see the culture that needs the light of the gospel, and the mission fields God has already prepared for us to enter. All of this is the preparation for our service in ministry so that we can become reapers who gather fruit unto eternal life.

Preparation and spiritual disciplines have great profit in our spiritual lives, but this is not our reasonable service to God. Our heavenly reward is not for preparing for missions, but for entering God's harvest and rejoicing in our labors together.

Your TNO Family is always ready to help you reach your respective fields.

Yours in Christ,

Imee Yu
